Address - 4,Vishwanath Row House ,Behind Irrigation Colony,
Makhmalabad ,Nashik-422003

Career Objective -

I want a highly rewarding career where I can use my skills and knowledge for organizational and personal growth. Eager to apply my problem-solving skills and proficiency in language like Java to contribute to real-world projects and grow within a dynamic team."

Qualification -

Academics	Institute	Board	Place	Year	Marks
Fourth Year (7 sem)	R.H.Sapat COE Nashik	SPPU	Nashik	2024 - 2025	8.8 CGPA
12th	Met Bhujbal Knowledge City	HSC	Nashik	2020 - 2021	87.8 %
10th	Dr.Kakasaheb Deodhar School	SSC	Nashik	2018 - 2019	85.3 %

Pursuing **Fourth Year** in Computer Engineering in current (2025-2026) year .

Projects –

1. **AI Powered – Universal Format Converter :** (Duration – 6 July 2025 – 10 October 2025)

I worked as the developer for an *AI-Powered Universal Format Converter*, a web application capable of converting multiple file types using intelligent processing. I designed and developed the complete user interface using HTML, CSS, and JavaScript, ensuring a clean, responsive, and user-friendly experience. My work focused on creating smooth interactions for file uploads, format selection, and conversion flow, along with proper validation and feedback to the user. I also integrated the frontend with the NodeJS and Mysql backend through API calls, enabling seamless communication for real-time AI-based file conversion.

2. **Car on Rent :** (Duration – 5 October 2024 – 10 October 2024)

Developed a comprehensive Java-based 'Car on Rent' system, enabling users to browse, book, and manage car rentals online, including features like vehicle search by location, date, and car type, real-time availability checks, payment integration, and detailed customer management, all within a user-friendly web interface, streamlining the car rental process for both customers and administrators."

Internship –

Organization name – Innovative Solutions (Duration - 12 February 2026 – Present)

Domain – Backend Developer
Currently working as a Backend Developer Intern at Innovative Solutions, contributing to the development of government web applications. I am implementing backend functionality using Node.js and Express.js, developing RESTful APIs, and integrating MySQL databases for efficient data management. I am also collaborating with the development team to ensure secure, scalable, and high-performance application delivery, while assisting in debugging, testing, and optimization of backend modules.

Organization name – Codsoft Tech (Duration – 10 january 2025 - 10 February 2025)
Domain – Java Devlopment
Basically , as a intern I developed three projects 'Name Guessing Game' , 'ATM interface' , 'Student Grade System', in java programming language ,in which I used the concepts of oops such as classes, constructors, interface etc. I also navigated the academic realm by creating a Student Management System.

Skills –

1. Java
2. HTML
3. CSS
4. Javascript
5. Node.JS
6. Express
7. MySQL
8. Team Lead And Management.

Achievements –

1. Oracle Infrastructure 2025 Certified Generative AI Professional.
2. Oracle Database@AWS Certified Architect Professional.
3. Udemy Certified (Master Javascript ,HTML ,CSS with 30 Projects in 30 Days).
4. English Marathon State level merit holder.
5. Math's Competition Gold Medalist.
6. Scholarship Exam Merit Holder.
7. Elementary/Intermediate Drawing exam - B grade.
8. Scholarship by Matoshri Muktabai Fanse .
9. Science Exhibition Model making competion (3rd Rank).
10. Maharahtra Education Speed Maths Competion.
